

notes from phone call 13 March 2020 -Covid-19 -stay open or close

11:07 - stay open or close.

Dan - pressing problems with MB., what are other Day Care centers doing? Clelian is open. Believes we should stay open. We are small and clean.

Vicki - If we close we may not get everyone back. We have no new clients. But we are staying clean. Staff is on top of things. Carm family not comfortable leaving her without RN. They are considering Home Care permanently bec, she is actively dying and they prefer her at home. Inez' family will opt out to Mary Wade that they use on weekends. People are really thrilled we are open and we are prepared! Our staff will be put in financial distress.

Shirley - has degree in public health and explains the modification of the Bell Curve so as to lengthen time frame of everyone getting sick. This will allow a spread over time for caring for patients instead of everyone all at once. Agrees with Vicki's assessment about closing we will lose too many people.

Pat - moves for a vote Patricia seconds

Dan - open

Me - open

Pat - open

Janet - open

Shirley - open

Jennifer - open

George - open

Missing Liz. We stay open.

MB/Vicki/Dawn also on the call.

Revisit at Board Meeting 11:00 - at Partnerships. - 19 March 2020

Adjourn 11:26 AM
