

Alicia Crowder, CNA

I grew up in Waterbury, attending Naugatuck Valley Community College, receiving my CNA Certification in 2006. I have worked many hours of private duty since then and love taking care of people. I am new to Partnerships Center, on staff since June 2022 and very happy to be giving care in a small, family like center. I love the outdoors and animals. I spend my time off trail walking and caring for my bunny "Pickles" and three cats!
