

Ellen Epstein, Activities Coordinator

I am a former Hamden resident, now living in Branford for the last 16 years. I was a teacher in the Fairfield school system during the 70's. I was the Activities Coordinator at various assisted living facilities for many years. I also volunteered my time at Partnerships Center in the 90's! I enjoy being back at Partnerships as their Activities Coordinator! In my free time I love baking, reading, going to the beach, and caring for my 22-year-old cockatiel.
